What is subsidized?

School/preschool field trips

Costs will be covered directly by the school or preschool. It is important to make the application prior to beginning the field trip. You will need confirmation from the school or preschool, their bank account number and the teacher's or child care worker's name (letter to parents).

Transportation for Students

Students in the 12th and 13th grades can get their transportation costs reimbursed. This usually occurs when the closest school cannot be reached on foot or with a bicycle.

Participation in Social and Cultural Life

Club fees, music lessons or instructed recreational activities can be subsidized up to 10 Euros per month for children and teenagers up to 18 years of age.

School Supplies

Students receive a 70 Euro subsidy in August (for the first half-year) and 30 Euros in February (begin of the second half-year). Purchases such as backpacks, sports equipment, writing, math and drawing equipment can be subsidized. Payment is sent directly to the applicants.

Educational Support

Every once in awhile, children need support in order to graduate or reach the next grade. Additional tutoring can be subsidized if it is appropriate and necessary.

Lunch Subsidy

You can apply for a lunch subsidy if the preschool or school offers a lunch meal. To this end, beneficiaries receive a gift certificate. Applicants must pay 1 Euro per meal.

Please fill out an application for every child and teenager. You can apply for multiple benefits with one application.
